JYG (junior youth group) every Saturday
The participants of this group are junior youth between the ages of 12 and 15. This is a crucial period of a junior youth's life as their consciousness is expanding and, day by day, they are becoming increasingly exposed to the forces of society.

The older youth that acts as a guide to the junior youth is referred to as an "Animator". The role of an Animator is to assist the junior youth in developing their capacities, encouraging them to contribute to the betterment of society as well as encouraging them to question the world around them. Most importantly, an Animator must strive to become a true friend to the junior youth.
